

McGill Space Group

The McGill Space Group
is a proud student
organization that believes
in interdisciplinary space
development through
sharing of passion and
knowledge.

Canadian Satellite Design Competition:

The MSG CSDC Team
works to design, build,
test and potentially
launch a 3U CubeSat in
lower earth orbit with
an Earth observing payload.

Design Teams:

Payload
Software
Power
Communications
Controls
Structural

Other Teams:

Education
Research
Finance
